

Subject Category Award competition

Through the generous sponsorship of some dental companies and the IADR meeting in Bangkok, the IADR-SEA Division will give a cash prize of USD 500 to the candidate who present the best paper in the specific research category at the Annual meeting of IADR-SEA 2020 in Bangkok, Thailand.

Candidates:

The candidates **MUST** be active IADR/SEA Division members who give the oral or poster presentation at the annual meeting of IADR-SEA 2020.

The candidates **MUST** indicate on the online submission form that they would like to attend the Subject Category Award.

Acceptance of abstracts for presentation at the IADR/SEA Division Meeting automatically qualifies the presenter for entry into the competition, with the exception of abstracts submitted for the Division Travel Award Competition and those that are indicated by the presenters as not to be considered for the awards.

If there are insufficient entries in any of the research categories, the award of that research category shall be withheld. Judging will be done by a secret panel of judges appointed by the IADR/SEA Division Council. The judges will participate as audience during the normal program of the Annual Meeting and will be based on the normal course of presentation. No separate judging session will be organized.

Requirements:

On the abstract form and presentation, **the entrant must be listed first, as primary author and presenter** of the abstract entered for the competition. Co-authors, if any, should also be listed on both the abstract and the presentation. In order to be considered for the competition, the contestant's research may not have been published or presented at any major scientific meeting prior to the Division/Section meeting at which the contestant is selected.
